

WESTERN BOONE COUNTY COMMUNITY SCHOOL CORPORATION

Guest WIFI Acceptable Use Policy

This Policy is a guide to the acceptable use of the WBOCCSC Guest Wireless Network and Internet access (Network). Any individual connected to the WBOCCSC Guest Network to use it directly, or to connect to any other network(s), must comply with this policy and the stated purposes and Acceptable Use policies of any other network(s) or host(s) used. All patrons that use this network agree to the following:

1. The use of the WBOCCSC Guest Wireless Network and Internet access (Network) is a privilege. Abusive conduct is expressly forbidden and may result in the entire network being shut down and the privilege permanently revoked. Such conduct would include but not be limited to, the accessing or placing of unlawful information on the system, and/or defamatory, abusive, obscene, profane, sexually oriented, threatening, harassing, racially offensive, illegal material subscribed to or received by the user, or any violation of Corporation rules or policies. Additionally, conduct that embarrasses, harms, or in any way distracts from the good reputation of WBOCCSC and its faculty, staff, and students or any organizations, groups, and institutions with which the WBOCCSC is affiliated is also deemed abusive.
2. All information services and features contained on the Network are primarily intended for the educational use of its students and faculty. Any activity that jeopardize the educational processes is expressly forbidden.
3. Users must respect the privacy of others. Users shall not intentionally seek information on, or represent themselves as, another user. Nor shall users obtain copies of, or modify files, other data, or passwords belonging to others.
4. Users must respect the legal protection applied to programs, data, photographs, music, written documents and other material as provided by copyright, trademark, patent, licensure and other proprietary rights mechanisms.
5. Users must respect the integrity of other public or private computing and network systems. Users shall not intentionally develop or use programs that harass other users or infiltrate any other computer, computing system or network and/or damage or alter the software components or file systems of a computer, computing system or network.
6. Use should be consistent with guiding ethical statements and accepted community standards. Use of the Network for malicious, fraudulent, or misrepresentative purposes is expressly forbidden.
7. The Network may not be used in ways that violate applicable laws or regulations.
8. The Network may not be used in a manner that precludes or significantly hampers network access by others. Nor may the Network be used in a manner that significantly impairs access to other networks connected to the WBOCCSC network.
9. Repeated, unsolicited and/or unwanted communication of an intrusive nature is expressly prohibited.

10. Users are responsible for the use of their accounts, passwords, access and privileges. This Network is open for public use after school hours and is therefore unsecured. Users of this network should use extreme caution to protect their personal information. Should any personal information be stolen or compromised while using this Network, the Wbccsc is not legally or financially responsible. Identity theft and other crimes involving personal information are inherent with the use of an “Open” wireless network and should be considered before using such a network.
11. In consideration for the privilege of using the Wbccsc Internet services and in consideration for having access to the information contained on it, users hereby release and hold harmless the Wbccsc, its employees, and affiliates for claims of any nature arising from Internet use, or inability to use, the Wbccsc Network. By logging on to this Network, you agree to hold the Western Boone County Community School Corporation harmless for any damages that may result from access to the Internet or inappropriate usage.
12. This Network is accessible after school hours and on weekends as a courtesy to our patrons. Service cannot be guaranteed and technical support is not offered.

All users should be advised that access to the Internet may contain information which could be defamatory, abusive, obscene, profane, sexually oriented, threatening, harassing, racially offensive, or illegal. The Wbccsc does block sites to protect users from explicit content but no filter is 100% effective. IT Support will not be provided for this Network for unblocking or blocking sites.

By logging onto the provided Guest WIFI Network, patrons are granted Internet access and agree to abide by this acceptable use policy.
