Re: Hiring Recommendation
Date: June 28, 2016

I recommend the following individual be hired for the following position starting with the 2016-17 school year:

Western Boone Junior-Senior High School Principal – Mr. Brent Miller

Mr. Miller is a 1988 graduate of Western Boone. He earned a Bachelor of Science in Education from IUPUI in 1993 and a Masters in Educational Leadership from IUPUI in 2009. Brent's first job out of college was at Harney Elementary School in Lebanon. While at Harney, he served as the elementary physical education teacher. In 1999, he came to Western Boone as varsity basketball coach and 8th grade science teacher. Brent was promoted to Director of Athletics at Western Boone in 2005. He served in that capacity for four years. Since 2009, Brent has been employed at Clinton Prairie Junior-Senior High School. He served two years as assistant principal under the leadership of Dave Larsh. In 2011, Brent was promoted to principal.

Brent is married to Shelly and they have three children. Stephanie and Kaitlin are graduates of Western Boone and Mitch will be a 7th grader at Western Boone. Brent's parents, Carl and Mary Lou, are retired from WeBo and Thorntown Elementary respectively.

Thank you for your consideration.

Re: Recommendation for Elementary Technology Integration Coach

Date: June 20, 2016

On behalf of the selection committee, it is my pleasure to recommend Mrs. Amanda Dudley for the position of Elementary Technology Integration Coach. Mrs. Dudley began her career as a fourth grade teacher before transitioning to a computer applications teacher. Her unique skill set has allowed her to serve in a variety of roles, including a computer technician, a technology integration specialist, and as an elementary media specialist, transforming a traditional library into a technology-enriched media center. Most recently, Mrs. Dudley has worked at the collegiate level as an instructional design specialist, assisting college instructors in the transition from a traditional to a hybrid or fully digital instructional design for their courses. Mrs. Dudley's rich background in education with a focus on technology integration will provide teachers with the support they need to successfully transition to a technology-enriched learning model. Pending criminal history check and Board approval, Mrs. Dudley will begin on August 1, 2016.
