If you have a new bus rider this year, your driver will contact you a day or two before school starts. If you don't hear from a driver, you can expect your student to be picked up at approximately the same time they were last year. WB and GWES students on Granville Wells routes should expect the bus to arrive 10 minutes earlier than last year due to the road closure. Please check out the ****free**** SafeStop app to track your child's bus: [SafeStop Parent Letter](#)

Please complete your students' online registration via Harmony Family Access as soon as possible. If you need assistance, please contact your school office.

The first day of school for students is Tuesday, August 7th. Welcome back and we look forward to a great year!
